

URL

URL resource allows you to provide a web link as a course resource.

Create a URL resource

- 1) In course main page, press **[Turn editing on]** at top right corner
- 2) Press [**+** **Add an activity or resource**] under a course section
- 3) Press the **“URL”** box
- 4) Enter the URL name
- 5) Enter the web address in External URL field
- 6) Press **“Appearance”** category, then select the appropriate **Display** option:
 - **Automatic** - show the URL according to the browser’s best display option
 - **Embed** - show the URL within the page below Navigation bar
 - **Open** - show the URL in the original browser window
 - **In pop-up** - show the URL in a new browser window without menus and/or an address bar
- 7) If necessary, modify its Common module, Restrict access and Activity completion settings
- 8) Press **[Save and return to course]**

Note:

If you select to show the URL “In pop-up”, you can modify the new pop-up window’s width and height by entering their pixels in “Pop-up width” and “Pop-up height” fields.
