

Label

Label resource allows you to insert text, images and multimedia in between other resources/activities in the course main page.

Create a Label resource

- 1) In course main page, press **[Turn editing on]** at top right corner
- 2) Press [ **Add an activity or resource**] under a course section
- 3) Press the **“Label”** box
- 4) In **Label text** field, enter text, add images and/or multimedia
- 5) If necessary, modify its Common module, Restrict access and Activity completion settings
- 6) Press **[Save and return to course]**
